Our Vendor Loves...

We originally bought the flat due to the spacious rooms and two walls of windows in both the lounge and the kitchen, helping make this well proportioned flat feel light, airy and very homely. The overall finish was modern and it had great high-end touches like underfloor heating and heated mirror in the bathroom. The kitchen is generous and appliances have been changed within the last 2 years. All-in-all, this is a great space for a couple or small family. Outside of the property itself, the transport links are fantastic and the area is lively but still has a local feel. Straight into London Bridge within 30 mins. It's a short walk away from Crystal Palace Park and just up the hill is the parade—full of great local shops, bars and restaurants.
